

Product Introduction

5" desktop dual-screen translator offers immersive interaction & powerful noise reduction for clear audio in noisy settings. Supports 35+ languages, 180+ countries. Plug in, connect to phone, and use. Modes: face-to-face, remote video, and chat with sample photo display.

Available in two models.

- T5 Pro (Mobile Edition): Compact & portable, built-in battery, supports 4G+Wi-Fi — ideal for on-the-go use.
- T5 Max (In-car Edition): No battery, vehicle-powered, fixed installation — perfect for in-car conversations.

Product Overview

Built-in Battery

➤ Built-in Battery
